

Swivel 225 Mitre Bandsaw

THE SEAL OF ASSURANCE

The Swivel 225 is a swing-frame manual bandsaw that cuts straight up to 225 mm round and mitres up to 100 x 100 mm at 45 degrees. It carries the same 1 HP drive, three-speed gearbox and 3000 x 27 x 0.9 mm blade as the Classic 225, with a swivelling head for angled work. It suits workshops that cut frames, brackets and sections needing both straight and mitre cuts.
