

Verti 14 Vertical Bandsaw

THE SEAL OF ASSURANCE

The Verti 14 is a vertical bandsaw with a 350 mm throat and 300 mm work height, driven by a 2 HP motor with VFD blade speed control and a sliding table. The vertical layout suits plate cutting, tool room work and intricate profile cutting where the operator guides the workpiece into the blade. At 320 kg it is the compact entry to the vertical range.

SPECIFICATIONS

Type	Vertical bandsaw	Max throat capacity	350 mm
Max work height	300 mm	Wheel diameter	360 mm
Main drive motor	2 HP / 1.5 kW	Table size	500 x 500 mm
Table height	990 mm	Max blade length	3250 mm
