

# Verti 400A Vertical Bandsaw

THE SEAL OF ASSURANCE

The Verti 400A is the larger automatic vertical bandsaw, cutting up to 400 mm high and feeding work up to 1250 mm wide on a servo ball-screw table. A 7.5 HP drive, 5000 x 41 x 1.3 mm blade and VFD speed from 15 to 100 m/min handle heavier plate and section work. The LM-guide table and origin system give repeatable, automated cuts at the top of the vertical range.

## SPECIFICATIONS

Type	<b>Automatic vertical bandsaw</b>	Max cutting height	<b>400 mm</b>
Max cutting length	<b>550 mm</b>	Max cutting width	<b>1250 mm</b>
Min cutting (H x W)	<b>15 x 10 mm</b>	Feeding length	<b>1250 mm</b>
Table size	<b>1380 x 1270 mm</b>	Blade size	<b>5000 x 41 x 1.3 mm</b>
Blade speed	<b>15-100 m/min (VFD)</b>	Saw motor	<b>7.5 HP / 5.5 kW</b>
Servo motor	<b>1.5 kW</b>	Chip conveyor motor	<b>1 HP / 0.75 kW</b>
Coolant motor	<b>0.18 HP</b>	Table height	<b>1400 mm</b>
Weight	<b>2650 kg</b>		

## APPLICATIONS

Heavy plate cutting · Profile and contour cutting · Repeatable automated cutting

## INDUSTRIES

Metal fabrication · Heavy fabrication · Production cutting
